We have an update on the draft proposal at the convention May 3rd at Rudder Towne. If you do not care to receive any more updates please respond and you will be taken off the email list.

Our GOP leaders have decided once again to take away our rights as delegates and are assembling a behind the scenes motion to draft a candidate for Governor who will not be an active or viable candidate this fall. We as a group are not backing a candidate at the convention but we do not want Lancaster Pike once again telling us what to do anymore.

Such a draft would be the final nail in our coffin. Every candidate from Governor on down will be a sitting duck. This possible move is a sad attempt to treat us as sheep and we are not going to take it anymore.

If a draft movement is presented at the convention we will walk out of the convention. At last count there are 72 people who have agreed to not participate in such a power grab .

If we know about this draft movement before Friday night we will walk out of the dinner and deny Mr. Strine his chance to avoid accountability or election to National Committeeman. We defeated the same insider deal four years ago when Laird Stabler was unceremoniously shoved out the door
